FLEXIBLE STONE VENEER SHEETS

2’ x 4’ or 4’ x 8’ x 1MM - 2MM Thick

(See colors in 4’ x 8’ sheets)

Our Stone Veneer Sheets are made from natural stones. This means each sheet will vary as every piece consists of a thin layer of real stone and no two stones are exactly the same. The flexible Stone Veneer Sheets are backed by a polymer composite, which gives the sheet their flexibility and strength while keeping the weight to a minimum.

Product Features
- Can be applied over: concrete, ceramic, wood, metal, plywood, fiberglass, backer board, tile, dry wall, painted surfaces, MDF, Masonite®, door skin, cabinetry and many other substrates as well
- Lightweight
- Flexible
- UV resistant
- Weather resistant

Applications
- Architectural
- Interior & Exterior
- Doors & Cabinets
- Furniture
- Trim & Backsplashes
- Marine & RV
- Kitchens
- Bathrooms
- Flooring
- Signage

The colors may vary from the actual product shown. Therefore, it is strongly recommended that you order a sample prior to purchase.

Price
- 2’ x 4’ Sheets: $44.50 ea.
- 4’ x 8’ Sheets: $259.00 ea.

WOOD OVER WOOD - .035MM THICK

Wood over wood laminate is composed of two wood veneer faces permanently bonded with the grain of the face running perpendicular to the grain of the back. The result is a dimensionally stable product which minimizes the wood veneer’s tendency to expand and contract across the grain.

Species

- Cherry (Flat)
- Maple (Flat)
- Red Oak (Flat)
- Rustic White Oak (Random)
- Walnut (Flat)
- White Birch (Rotary)
- White Oak (Flat)
- White Oak (Rift)

Finishes may differ slightly from photo. We recommend requesting a sample prior to ordering.

- 4’ x 8’ sheets
- No bubbling
- No ridging
- No phenolic or foil backer lines
- Flexibility
- 100% surface sanded
- .035mm thick

Also Available 2’ x 8’ Sheets

TYPES OF VENEER CUTS

The manner in which veneers are cut is an important factor in producing the various visual effects obtained. Two logs of the same species, but with their veneers cut differently, will have entirely different visual characteristics even though their colors are similar.

Please Note: Do not apply to sheet rock or drywall. Any exterior surface plastic laminate or melamine board. Apply 2 coats of contact adhesive to porous substrates.

Mother nature loves our Natural Wood Veneers. These reconstituted veneers are cut exclusively from rapidly renewable trees, promoting sustainability and forest preservation.

In addition to being green, Natural Wood Veneers provides enhanced consistency in grain and color...great for large projects requiring sequences of 100 sheets or more.

Natural Wood Veneer is backed with 10 mil paper to create a strong curvable sheet.

- ASTM E-84 Class “A” fire-rated
- Comes standard on 10 mil paper

**Benefits...**

- **No bleed through:** Helps prevent moisture bleed through, protecting both your adhesion to the substrate and your stain + finish coats.
- **No movement:** “Stress-relieved” through a tenderizing process that breaks up the wood fiber, creating a relaxed sheet that will lay flat.
- **No sequence breaks:** Remarkable consistent...sheet #1 will look like sheet #600.
- **No cracking:** Extremely curvable, allowing for use in tight radius applications.
- **No bubbles:** When applied properly, our veneers are constructed to minimize substrate imperfections from showing through.
- **No waiting:** Arrives sanded, trimmed, inspected and ready to use.
- **No waste:** 100% usable, minimizing product cost, freight and storage.

ANAGLYPTA® SUPADURABLE
20-1/2" High x 33 Ft. Long Rolls

Anaglypta® Supadurable has a deep, pronounced emboss with great resilience to heavy wear. The toughness of the relief makes it suitable for high traffic areas, such as hallways and stairways, public places or wherever good looks and low maintenance are a high priority.

The inherent qualities are due to the combination of virgin pulp, from managed forests, mixed with cotton fibers making it a natural product. All are suitable for walls and many of designs can be used on ceilings in keeping with the Victorian Style.

LINCRUSTA® BORDER
33 Ft. Long Rolls

A linoleum-like material bonded to paper to form a deeply embossed frieze that is resistant to knocks and impervious to water.

$249.00 per roll

PLEASE INQUIRE FOR ADDITIONAL DISCOUNTS
Combines a warm, tough and luxurious appearance. Anaglypta® Luxury Vinyl is washable when painted with latex semigloss which also highlights the relief in the design. Its modern manufacturing method also stops the emboss from becoming permanently crushed during hanging or use. Being flat backed, it is easy to hang on ceilings & walls.

**ANAGLYPTA® LUXURY VINYL WALL COVERINGS**

- **RD750 Louisa**
  - Design Repeat: 25-1/4"
  - $43.73 per roll
- **RD803 Wildacre**

  - $43.73 per roll
- **RD80000 Turner Tile**
  - Design Repeat: 8-1/2"
  - $43.73 per roll

Anaglypta® Original remains unsurpassed, still made in the traditional manner by bonding two pieces of paper together. Only now, it is made from recycled paper and a quantity of virgin pulp, from managed forests, to give it strength. Easy to handle, hard-wearing and versatile, Anaglypta Original is suitable for walls and ceilings. There are many different patterns and styles to choose from; some dating back to the early twentieth century.
