Standoffs for Signage & Display

Easy Fasten

Easy to fasten to any surface, two piece construction enables the standoff barrel to be mounted using a hand drill. Intended for use in areas with minimal traffic.

Eco Lite	C-4	Acrylic Transparent	C-4
Eco Solid Barrels	C-5	Eco Aluminum	C-6
Euro Square	C-6	Euro Aluminum	C-7
Euro Mini	C-7	Eco Solid	C-11

Secure Fasten

Tamper resistent for added security, integrated set screws in the standoff cap easily tighten with a hex key. Modular construction allows for simple and quick installation with a hand drill.

Cone Topped	C-7	Premium Steel	C-8
Premium Steel X	C-9	Premium Stainless	C-9
Premium Aluminum	C-10		

Tamper Proof

Designed for ultimate tamper resistance in highly trafficked, unmonitored public areas. The cap simply cannot be loosened or removed by hand once the set screw is tightened into the body of the standoff. Easily mounts using a hand drill.

Eco Lock	C-5	Latte X	C-11
Shape	C-12	Euro Mini Stainless	C-12
Cubby	C-13	Low Profile	C-13
		Signage Screw Set	C-14

Edge It - No Drill

No need to drill panels or signs prior to mounting, this standoff has inlets between the cap and the barrel to allow the user to effortlessly install either single or multi panels as desired for temporary displays and artwork.

Eco Easy Edge	C-15	Eco 4 Way	C-15
Easy Edge Premium	C-16	4 Way Premium	C-16

Standoffs for Signage & Display

Grip It - No Drill

Great for vertical or horizontal applications, the novel slot in the body of the standoff can hold partition panels, signage or shelving of various thicknesses without any necessary modifications.
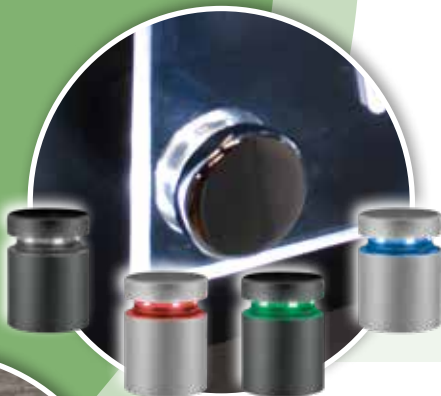

Cap It Off

All of the benefits of a conventional standoff with minimal projection, this standoff can be used to make "sandwich" style designs and meets ADA requirements.

LED Standoff

Using LED's as a light source that are integrated in between the body of the standoff and its screw on flat cap, your mounted graphics, posters and promotional messages will come to life as never before in white, red, green or blue illumination. Sold in individual colors, the LED standoffs diffuse their light through the acrylic or plexiglass sign holders to which they have been fastened.

Invisi

Virtually invisible for maximum visibility of your promotional materials, Invisi standoffs easily mount from behind your piece without any vision obstructing surface mounting hardware to create a striking floating effect.

Economy Flush Mount Drywall Anchor

• Material: Polypropylene

• Used for through the fixture mounting

• 1/4" Diameter

Part #	Overal Length	Screw	Drill
STD-ANCHOR	1-5/8"	#8	1/4"
STD-ANCHOR-6	1-3/16"	#6	1/4"

SOLD IN BOXES OF 100 - NO BROKEN BOXES

Economy Hollow Wall Anchor

• Material: Polypropylene

• Color: White

Grip: 3/8"-7/16"
Screw: #9-#13
Drill: 5/16"
Box: 100

Part #
HW-ANCHOR

A series = Flushmount
For through-the-fixture anchoring

AF series = Flanged
Use where there may be a hollow
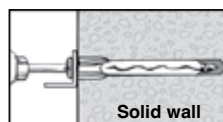

Solid wall
Anchor expands up to 2x its original length—for high holding values.
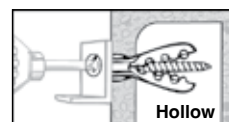

Hollow
Anchor also works if it hits a hidden cavity or hollow in or behind the wall. Screw thread locks into anchor's teeth.

Anchoring Solutions for Signage Caps

THE "SNAP-EASE" ALUMINUM BANNER HANGING SYSTEM

CLEAR ANODIZED ALUMINUM
24", 36", 48" & 96" LENGTHS
NOTE: ALL LENGTHS ARE NOMINAL

ADDS STYLE & VALUE

- Clear anodized aluminum finish with 4 black plastic end caps for a "finished" look.
- The spring clips inside the rail will "snap" close to securely hold your banner in place.
- Ideal for paper, fabric and vinyl banners up to .08" thick.
- Recommend to be used at the bottom of your banner for added stability.
- Includes removable hanging clips. The banner hanging system can be attached to the wall or hung from the ceiling using our ceiling hooks shown on **page C-77**.

Complete Graphic Kit

MATERIAL = Aluminum (*Fittings*)
304 Grade Stainless Steel (*Cable*)

FINISH = Clear Anodized

- *Aluminum* universal fittings are hinged to allow or use in *Wall-to-Wall* and *Wall-to-Floor* applications
- For 8-1/2" x 11" and 11" x 17" graphics
- Can be used for single or double sided displays

1.5mm Cable (15 Series) **3mm Cable (30 Series)**

Easy to replace graphics
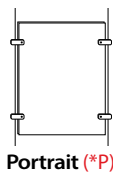

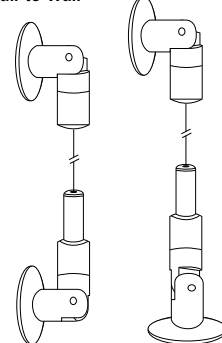

Portrait (*P)
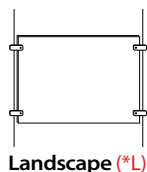

Landscape (*L)

Each kit contains:
- 2 universal top fittings
- 2 universal bottom fittings
- 2 cables - 6' 6" length - 1.5mm thick (trimmable)
- 12 mounting screws & anchors
- 1 hex key
- 4 sign clamps per graphic holder
- 1/8" thick clear acrylic graphic holders w/polished edges

*Hinged Fittings are adjustable:*

Apartment Hanger

HGHB-APT-*

• **Material:** Aluminum
• No drill, easy to install
• Foam liner, so no damage to walls
• Wall bracket holes drilled every inch
• Patented/Made in USA

The Hangman Apartment Hanger consists of two aluminum interlocking brackets modeled after the French Cleat featuring a built-in level which ensures an accurate installation. The aircraft grade aluminum brackets will not corrode and can be used indoors or outdoors. The system uses small nails which leave pin size holes and a foam back to protect walls from scuffs and marks. Once installed it can be adjusted left or right.

Part #	Size	Load Rating	Hardware Includes: (1) Wall Bracket, (1) Mounting Bracket, (1) Bubble Level, #8 x 5/8" Screws	Nails
HGHB-APT-6	6" Long	50 lbs.	2	5
HGHB-APT-12	12" Long	100 lbs.	3	14
HGHB-APT-18	18" Long	150 lbs.	5	20

Heavy Duty Mirror & Picture Hanger

HGHB-HM-*

• **Material:** Aluminum
• Wall bracket holes drilled every inch
• Brackets are angled to ensure a flush mount
• Patented/Made in USA

The Hangman Heavy Duty Mirror & Picture Hanger is our classic and best selling product. It consists of two aluminum interlocking brackets modeled after the French Cleat featuring a built-in level which ensures an accurate installation. The aircraft grade aluminum brackets will not corrode and can be used indoors or outdoors on all surfaces. The system includes walldog anchorless fasteners.

Part #	Size	Load Rating	Hardware Includes: (1) Wall Bracket, (1) Mounting Bracket, (1) Bubble Level, #8 x 5/8" Screws	Walldog Screws

HGHB-HM-42	42" Long	300 lbs.	10	10

Professional French Cleat Hanger

HGHB-CBH-*

- **Material:** Aluminum
- Two piece system includes inset mounting bracket for a flush fit
- Aircraft grade aluminum
- Patented/Made in USA

The Hangman Professional French Cleat Hanger is a variation of the Heavy Duty Hangman and has several unique features. The overlapping design of the mounting bracket provides high torque leverage for use in hanging cantilevered shelves. The wall track is punched every inch making it easy to hit at least one stud. In addition to hanging shelves, it works great on cabinets, mirrors, and other heavy wall déco.

Part #	Size	Load Rating	Hardware Includes: (1) Wall Bracket, (1) Mounting Bracket, (1) Bubble Level,	
			#8 x 5/8" Screws	Walldog Screws
HGHB-CBH-18	18" Long	200 lbs.	5	5
HGHB-CBH-30	30" Long	300 lbs.	8	8
HGHB-CBH-42	42" Long	300 lbs.	10	10

Self Leveling Flushmount Hanger

HGHB-SCH-2

- **Material:** Aluminum
- Inset for a flush fit
- Aircraft grade aluminum
- Patented
- Works well with open back canvas

The Hangman Self Leveling Flushmount Hanger is a single piece hanger that attaches to the back of your canvas and hangs on the provided Bear Claw Hanger. The inset created allows the canvas to hang flush against the wall. Ideal for unframed canvas art. Also works on wooden frames.

Hardware Includes:
- (2) #4 x 5/8" Screws
- (2) Double Headed Bear Claw Screws
- (2) Sawtooths

Part #	Size	Load Rating
HGHB-SCH-2	38 x 22 mm	20 lbs.

Canvas Hanger

HGHB-CH-5

- **Material:** Aluminum
- Brackets are angled to ensure a flush mount
- Patented/Made in USA

The Hangman Canvas Hanger is a two piece bracket system that hangs giclees, gallery wraps, canvas or open back frames flush to the wall. The wall track includes a bubble level for an accurate installation.

Hardware Includes:
- (2) #4 x 5/8" Screws
- (2) #8 x 1" Screws
- (1) Bubble Level
- (1) Mounting Bracket
- (1) Wall Bracket

Part #	Size	Load Rating

Walldog Screws

HGSCR-WDS-*

- **Material:** Steel
- 1-1/4" Screws
- #8 Pan head
- Hi-Lo thread, 1/4" bore hole
- **Load Rating:** 60 lbs. sheer, 40 lbs. tension in drywall
- *Sold in full cases only*

The Hangman Walldog Screws are an all steel, one piece, threaded fastener, which is used to fasten various fixtures directly to drywall. Walldog fasteners are fast. Unlike conventional screw anchors, which require the secondary step of threading a sheet metal screw into an anchor, the Walldog is installed directly through the fixture into the drywall.

Part #	Case Quantity
HGSCR-WDS-100	100 pcs.
HGSCR-WDS-1000	1000 pcs.

Walldog Safety Hanger

HGSH-WDH-*

- **Material:** Aluminum
- Aircraft grade aluminum
- Security lip prevents wire from slipping out
- 8 wide pivot point prevents frames from slipping
- Patented/Made in USA

The Hangman Walldog Safety Hanger is an extruded aluminum track that has a security lip to prevent picture hanging wire from slipping out. The wire is easy to insert and won't come out if bumped. The brackets are installed using anchorless Walldog fasteners that require no drilling and no stud. Friction bumpers included to keep walls clean and keep art from shifting.

| Part #	Length	Load Rating	Hardware Includes:
HGSH-WDH-40	1-1/2"	40 lbs.	(1) Walldog, (1) Pair Bumper, (1) Hanger
HGSH-WDH-80	3"	80 lbs.	(2) Walldogs, (1) Pair Bumper, (1) Hanger

Bear Claw Hanger

HGSCR-*

No Stud TV Hanger

HGA-S2040-A

• **Material:** Aluminum

• Built-in level

• Hangs 26" - 55" flat screen TV's

• 1" Clearance from the wall

• No stud, no anchors required

• Won't damage walls, installs with tiny picture hanging nails

• Installs in 10 minutes

• Security cable included

• Black anodized finish

• UL rated to hold 80 lbs.

• Easy tilt for access to cables

• Only tools required are a hammer and a screwdriver

• Bracket length is 18"

Hardware Includes:

• (1) 18" TV mount bracket

• (1) 18" wall bracket

• Hardware

The Hangman No Stud TV Hanger will hang any LED thin screen TV in less time than it takes to unpack it. Consists of two 18" interlocking aircraft-grade aluminum brackets. One bracket attaches to the back of the TV and the other bracket installs on the wall. Once installed a 1" clearance from the wall provides easy access and space for cords and cables. The wall track has a foam backing to minimize wall damage. Once removed all that is left behind are tiny pinholes that can be easily covered up. Comes in Black Anodize Finish. Patented & UL Rated.

• 1" W x 1-1/2" Long with 3/16" Diameter hole
• Fits most hooks

Part #
CH-7021

STURDY GRILL CEILING HOOKS

• Material: Aluminum
• Hook measures 1-1/4" L x 1" W with 1/4" hook opening
• Use a right & left to create a strong hook
• Use 2 rights or 2 lefts to create a closed-end hook

Part #
CH-1R
CH-2L

SNAP-EEZ™ HOOK HOLDER

• Material: White Styrene
• 1-1/4" x 7/8" Grid clip hook holder
• Works with slide hooks to hold graphics
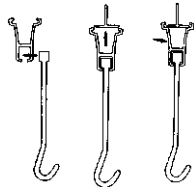

7/8"
1¼"

Part #
CH-1000

SNAP-EEZ™ SLIDE HOOKS

• Material: Crystal Clear Lexan™
• Available in 4.5" or 16" Long hooks
• Works with hook holder to hold and display graphics

Part #	Length
CH-45	4.5" Long
CH-16	16" Long

CEILING HOOK

• Material: White Styrene
• 1" x 1" Peel & Stick base pad with J-Style hook
• Can be used for vertical and horizontal applications

Part #
70-HK

Universal Hooks / Clips

UNIVERSAL PLASTIC CEILING HOOK

• Material: White Styrene
• Barbed on one side and designed to work with standard ceiling grid but also attaches to pipes, cables, hooks, etc.
• Includes 6' Long white cord
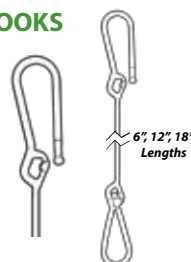

Part #
HWC-6

CEILING CLIP

• Material: White Styrene
• 3/4" x 3/4" Peel & Stick base with 3/16" Diameter loop
• Works with most hooks
• Can be used for vertical and horizontal applications

Part #
70-CL

PLASTIC DOUBLE "C" HOOKS

• Material: Clear Polycarbonate
• 3/8" Hook opening on each end
• 5/32" Diameter
• Three Lengths: 6", 12", 18"
• Works with any of our ceiling grid hooks

6", 12", 18" Lengths

Part #	Length
RBS-6CL	6"
RBS-12CL	12"
RBS-18CL	18"

• SPRING TENSION CLIPS ARE EQUIPPED WITH SOCKET JOINT (S) THAT ROTATE AND TILT IN ALL DIRECTIONS
• MADE OF CLEAR POLYCARBONATE (Except where noted differently)

Roto Clips Up To 3/8" Thick Material

DOUBLE ROTO CLIP SIGN HOLDER

- Clips and holds material up to 3/8" thick.
- Clip is 3/4" W x 1-1/2" H
- Overall clip is 3-3/4" L

Part #
RTC-10

ROTO CLIP SIGN HOLDER

- Clips and holds material up to 3/8" thick.
- Clip is 2" W
- Overall clip is 2-7/8" L

Part #
RTC-20

FLEXIBLE DOUBLE ROTO CLIP

- Clips and holds material up to 3/8" thick.
- Clip is 3/4" W x 1-1/2" H
- Overall clip is 6" L

Part #
RTC-40

ROTO CLIP EXTENDA SIGN HOLDER

- Clips and holds material up to 3/8" thick.
- Clip is 1" W x 5/8" H
- Overall clip is 7-1/2" L
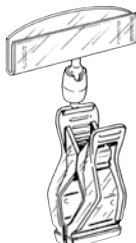

Part #
RTC-30

Roto Clips Up To 1" Thick Material

ROTO CLIP SENIOR SIGN HOLDER

- Sign holds material from .008" to .020" thick.
- Clip measures 2" W x 7/8" H
- Overall clip is 4" L

Part #
RTC-50

ROTO CLIP EXTENDA SENIOR SIGN HOLDER

- Sign holds material from .008" to .020" thick.
- Sign holder measures 2" W x 7/8" H
- Overall clip is 6" L

Part #
RTC-60

ROTO CLIP JUMBO SIGN HOLDER

- Holds material up to 1/4" thick
- Sign holder measures 3-1/8" W x 4-1/4" H.
- Overall clip is 4-1/4" L

Part #
RTC-70

ROTO CLIP EXTENDA PRINT PROTECTOR SIGN HOLDER

- 5-1/2" W x 3-1/2" H crystal clear sign holder holds material up to 4" W x 2" H.
- Overall clip is 8-1/2" L

Part #
RTC-38

ROTO CLIP W/PRINT PROTECTOR SIGN HOLDER

- Holds material 5-1/2" W x 3-1/2" H and up to 1/32" thick.
- Overall clip is 6-1/2" L

Part #
RTC-35

ROTO CLIP MULTI-CHANNEL SIGNBOARD

- Black plastic sign board holds one sign 4-1/16" H x 4" W or two signs 4" W x 2" H.
- Overall clip is 6" L

Part #
RTC-39

ROTO CLIP EXTENDA JUMBO SIGN HOLDER

- Super strong 3-1/8" W sign holder holds material up to 1/4" thick.
- Overall clip is 6-1/2" L

Part #
RTC-80

Surface Mount Roto Clips

• SPRING TENSION CLIPS ARE EQUIPPED WITH SOCKET JOINT (S) THAT ROTATE AND TILT IN ALL DIRECTIONS
• MADE OF CLEAR POLYCARBONATE (Except where noted differently)

ROTO CLIP WITH SUCTION CUP

- Suction cup base with wobble extenda arm.
- Clips and holds material up to 3/8" thick.
- Clip is 3/4" W x 1-1/2" H
- Overall clip is 7" L

Part #
RTC-90

ROTO CLIP SIGN HOLDER WITH PEEL AND STICK BASE

- 3-1/2" Diameter peel and stick base w/rotate and tilt capability.
- 3-1/2" W holds material up to 1/4" thick.
- Overall clip is 7" L

Part #
RTC-75

ROTO CLIP SPIRAL WIRE WITH MAGNET

- Magnetic base with bendable white PVC wire clad completely bends and adheres to all steel surfaces.
- Clip holds material up to 1/32" thick.
- Overall clip is 12" L

Part #
RTC-26

Pear Clips

For Banner Hanging or Sample Swatches

### STANDARD

Material: Zinc Plated Steel

1½"   ¼"   2¾"

Fits ¹⁄₁₆" hole

Part #
PC-1

THREADED LOCKING

Material: Chrome Plated Steel

1¹¹⁄₁₆"   ³⁄₃₂"   3⅛"

Fits ³⁄₃₂" hole

Part #
GST-PEAR

Metal Squeeze Clip

- Material: Steel
- 1-5/8" W x 3-3/8" L
- Easy squeeze clip for quick installation

Part #
T250

Metal Sign Clip

- Material: Zinc Plated Steel
- Fasten signage to clip
- Clip is 1" W x 1-3/4" H overall
- Fits up to .375" dia. wire
- 1/4" hole - use RA-4375 rivet *(see page B-16)*

Part #
SGN-CLP

Shown with RA-4375 rivet

1"   .295"   1-3/4"

S-Hooks

- Material: Bright Plated Steel
- These hooks not only work with the above ceiling applications, but with wire, shelving, hooks, etc.

1" or 1¾"

Part #	Size
