Accessories

CORNERS

FS613
Works With:
FSB01TX, FSB41TX, FSB81TX, FSB150TX *(2 per corner required)*, FSB43TX

FS614
Works With:
FSB92TX, FSB80TX, FSB92TX

WALL BRACKET

FS520
Works With:
FSB41TX, FSB81TX, FSB92TX, FSB80TX, FSB150TX

SUPPORT BEAM KITS

FS01CL-KIT-8 *(8 Ft. Length)*
FS01CL-KIT-16 *(16 Ft. Length)*

8 Ft. or 16 Ft. Lengths

Works With:
FSB01TX

Consists of:
(1) FS01CL & (2) FS600QF
-16 ft. kit includes (1) FS604 splice connector

### FS90CL-KIT-8 *(8 Ft. Length)*
FS90CL-KIT-16 *(16 Ft. Length)*

8 Ft. or 16 Ft. Lengths

Works With:
FSB92TX, FSB81TX, FSB150TX, FSB80TX, FSB43TX

Consists of:
(1) FS90CL, (1) FS600QFL & (1) FS600QFR
-16 ft. kit includes (1) FS609 splice connector

SPLICE CONNECTOR
FS609QF
Works With:
FSB81TX, FSB150TX

Spring loaded buttons

BASES

FSB-2200B
Nominal
17-3/4" x 3-3/4" x 3/16"

24V | Super Bright Light Output | c(UL)us | # FAB LED STRIP

2 Powerful LED Options
Illuminates SEG Graphics Evenly Without Hot Spots

- Designed to fit inside the frame of FSB81TX and FSB150TX-CL.
- Comes complete with finger lift hi-tack acrylic permanent tape.

With LED Fab Strip

Without LED Fab Strip

To ensure even illumination, the Fab LED Strip should be spaced no more then 2" apart.
Strip Distance: 2"

- The overall width of your frame should not exceed 96", but the brightness level is greatest at 50" or less.
- Do not exceed running more lights than suggested because of voltage drop. However, if you "split" the load using a 2-way connector then you can have more lights on each side. The 2-way connector requires 2 power linking cables (**LED-FBF-PWL***) that work with these lights.

*Specially designed lens spreads light evenly, creating no hot spots or shadows*

STANDARD

BANNER UPS

SEG *Design*™

MODULAR SEG FRAMES *

* PATENT PENDING
SEG Made Simple...and Beautiful!

Stock Color: Silver Aluminum
Material: ABS

Graphic NOT included

SUPER LOW PROFILE
Only 15mm
(nominal 5/8")

Modular system - fast and easy to assemble
• No assembly tools needed. Snaps together instantly.
• Can be pressure fit, screw-secured, or glued.
• Corner pieces and T-Connectors make unlimited size and shapes easy.
• No mitered corners / all straight cut sides.
• Cut with any hand or power saw. Custom sizes a breeze!

Slide rails into corner brackets

Simply snap together corners

Unlimited length with T-Connectors

Cleat for hanging frame on wall

Superior to Aluminum
• Lower total cost than aluminum. 100% MADE IN THE USA (PAT. pending)
• Lighter weight than aluminum - easier to ship and hang.
• Breaks down to shippable sizes - NO UPS/FedEx surcharge.
• No hidden hardware or cutting charges.

Environmentally-friendly polymer
• ABS, Non-PVC recyclable polymer

Enhances the value of complementary products:
• Ask us for a list of approved recommend textile media.
• Works with all Latex, Dye Sub, and Eco-Solvent printers.

Add DESIGN to your SEG frames - wrapable, paintable, designable!
• Add color easily with common spray paint (Krylon Fusion 28 colors*)
• Match customers logo or image color!
• Let your creativity flow! "Upsell" through beautiful design.

BU-BAN062	2000

Clear PowerTape®
Reinforce banner edges without folding or sewing a hem

HEM REINFORCING TAPE

- 1.5" wide, 36 yard clear roll
- Use PowerTape® to create a super strong banner of any length
- Singe-sided super strong film. No need to fold hem
- Duplicates the strength of folded hem and double sided banner tape, but eliminates the hassle!
- Eliminate the risk of damage to image by post-print sewing
- Create a perfectly sharp digital banner. No rippled hem
- Fabricate a mighty banner in only 3 minutes

Part #	# Of Rolls Per Case
BU-PTAPECLEAR	5

TRY A BANNER UPS® STARTER KIT

Enough for about 20 banners, The Starter Kit will let you give Banner Ups® a good trial and find out why so many banner makers LOVE Banner Ups® when it comes to custom banner finishing products!

100 Banner Ups® Crystal Clear BravoTabs®
Square shape works great on banner edge or corners. Durable for outdoor use. Use with PowerTape for banners over 6 ft.

1 roll of Banner Ups® Clear PowerTape®
Super-strong single sided hem tape. No folding of hem required! Perfect for double-sided banners.

1 Banner Ups® PowerPunch®
Perfectly sized heavy duty hole punch. Touch enough to cleanly punch tab, tape, and media. Great for punching 4mm corrugated plastic or foam board too!

BU-STARTKT4AS

BANNER UPS®
MEGATAPE
HEM REINFORCING TAPE

Ultra High Strength Double Sided Clear MegaTape®
Banner hem tape that withstood
winds up to 108 MPH!

- 1.5" wide, 30 yard double sided clear roll
- Double sided banner hem reinforcing tape that is made of a super strong film
- Wind tunnel tested - improved MegaTape® banner hem tape withstood winds up to 108 MPH!
- Clear film is less visible / more attractive when used in mesh banners
- Produces a fold-finished banner edge
- Easy to apply banner hem tape. Wears like steel!
- Much cleaner appearance and twice as strong as ordinary double sided banner hem tape.

Part #	# Of Rolls Per Case
BU-MEGATAPE-CL	5

BANNER UPS™
TIGERTAPE
BANNER HEM TAPE

Premium Double Sided Clear TigerTape™
High-performance banner hem tape

- 1" wide, 36 yard length double sided roll
- Double coated polyester (PET) carrier film (.005") on both sides with high deposition of a high tack acrylic pressure sensitive adhesive (PSA)
- A high performance banner hem tape specifically designed for the most demanding bonding applications
- Provides a permanent bond of foams, plastics, metal and composite materials subjected to a broad range of environmental conditions
- Highly UV, temperature and plasticizer resistant making it ideal for banner hemming applications

Let Our Simple Concept Form Your Great Idea!

Our Aluminum Framing System is Available in 3/4", 1" & 1-1/2" Square Tubing and corresponding Tubing Connectors & Accessories

Great For:
★ Tradeshows
★ Greenhouses
★ Menus
★ Signs

IDEAL FOR INDOOR & OUTDOOR USE!

To enhance our Aluminum Framing System, we offer full services from design to production. We can help with your design, choosing the most cost effective profiles and connectors, figuring the overall sizes for the highest yield from stock lengths, to packing your order for shipment.

Our experienced design staff can work with the simplest drawings to the newest CAD drawings to produce an aesthetically pleasing, totally functional final product. Our Fabrication Department can cut all tubing to size, notch flanges, and drill or punch holes to exacting standards so the fit and finish is unmatched. Finally, we can help with packing your order so it arrives in excellent condition.

Great Ideas Need Accessories!

Any Angle, Any Panel, Any Display

klem®

- Join panels in thicknesses ranging from 1/8" to 3/4"!
- The Klem® connector makes it easy to create angles from 90° to 270°!
- Ideal for straight or curved walls, prisms, squares cubes, pyramids, domes or any type of display!
- Made of nickel plated zinc alloy and synthetic rubber inserts. The Klem® connector provides great strength and long term durability.
- Standard gap between panels
  Mini: 1/2"
  Super: 3/4"
- To Close gap between panels, Notch the panels
  Mini: 1/4" x 15/16"
  Super: 5/16" x 1-3/8"
